NUIT BLANCHE TORONTO

Nuit Blanche, Toronto's free all-night celebration of contemporary art, returns this fall for its 16th edition from sunset on October 1 to sunrise on October 2. Toronto's biggest celebration of contemporary art will include works by more than 150 local, national and international artists and, for the first time, present exhibition areas across Toronto. This year's Nuit Blanche will mark the finale of ArtworxTO: Toronto's Year of Public Art.

About Nuit Blanche Toronto

Nuit Blanche Toronto is the city's annual all-night celebration of contemporary art, produced by the City of Toronto in collaboration with Toronto's arts community. Since 2006, this award-winning event has featured more than 1,600 art installations by approximately 5,800 artists and has generated more than \$443 million in economic impact for Toronto.

This year will be the most expansive Nuit Blanche to date, with exhibition areas city-wide. Nuit Blanche will return to the downtown core and Scarborough with support from Exhibition Sponsor Scarborough Town Centre. New exhibition areas in North York and Etobicoke, supported by Exhibition Sponsor Humber College, will extend the event's footprint city-wide for the first time.

Art projects will be clustered in easy-to-navigate exhibition areas making exploring the event more convenient for audiences. Additionally, art projects will be presented in various neighbourhoods, including Don Mills, East Danforth, Bloor-Yorkville, Sterling Road and Fort York.

Downtown:

The heart of Nuit Blanche activity will take over Yonge Street for one night. From Dundas down to the Lake and across to Harbourfront, experience over 35 new art works.

Sites include Yonge–Dundas Square, Harbourfront Centre, The Yonge Street Rail Viaduct, the Art Gallery of Ontario, and 401 Richmond. Featured projects include a partnership with Cadillac Fairview under the CF Bridge, Deloitte supporting a massive installation on the side of Bay Adelaide East, a 60' wide waterscreen at the foot of Yonge Street and a 200' high light tipi on Nathan Phillips Square.

Collect a guide and map your night with the help of our information volunteers at the Visitor Centre located at Nathan Phillips Square (100 Queen St. W.) Let us help you plan your Nuit Blanche experience and make the most of what the night has to offer.

Exhibitions outside of the Downtown Core include:

Scarborough: 15 new art projects are located in and around the Scarborough Civic Centre and Scarborough Town Centre.

North York: 10 new art projects are located in and around the North York City Centre, Mel Lastman Square and the Meridian Centre for the Performing Arts.

Etobicoke: 14 new projects are located in and around the Humber College Lakeshore Campus and Samuel Smith Park.

Residents are encouraged to come out and enjoy this landmark event.

To ensure pedestrian and public safety Toronto Police Services will make the final decision if further road closures are warranted during the event.

Should you have any questions about these street closures, please contact:
